## Introduction

*This chapter covers basic information about SF City Option and how you can use the Employer Portal web application to participate in the program.*

## About San Francisco City Option and the Employer Portal

San Francisco employers can choose the [SF City Option](#) to meet the employer spending requirement (ESR) of the [San Francisco Health Care Security Ordinance](#) (HCSO) or comply with the [Healthy Airport Ordinance](#).

When you make contributions through the SF City Option Program, your employees are eligible for a Medical Reimbursement Accounts (SF MRA) to pay for health care expenses. For more information about SF City Option, visit [www.sfcityoption.org](http://www.sfcityoption.org).

The **Employer Portal** is an online web application for employers to make contributions on behalf of employees and load employee information and rosters. This User Guide provides step-by-step instructions on how to use the Employer Portal to comply with the HCSO and ensure that your employees can connect with their benefits.

We hope this User Guide is comprehensive and helpful. However, please contact us if you have any further questions about SF City Option or need assistance with the Employer Portal. You can reach SF City Option at **1(415) 615-4492** or **employerservices@sfcityoption.org**.

## Managing Rosters

*This chapter discusses how to upload, enter and manage employee rosters using the Employer Portal.*

Employers participating in SF City Option submit rosters through the Employer Portal in order to make contributions towards medical reimbursement accounts on behalf of eligible employees.

## Creating a Roster

You must create a new roster EACH TIME you make a payment in SF City Option on behalf of your employees. A roster should contain the information for all employees for whom you are making an SF City Option contribution for that period. If you have questions about who to include on your roster, review the Health Care Security Ordinance (HCSO) guidance on Covered Employees on the Office of Labor Standards Enforcement website: [Health Care Security Ordinance | San Francisco \(sf.gov\)](https://www.sfdph.org/dph/ohrt/Health_Care_Security_Ordinance_San_Francisco_sf.gov.pdf) or review the Healthy Airport Ordinance at [Healthy Airport Ordinance | San Francisco \(sf.gov\)](https://www.sfdph.org/dph/ohrt/Healthy_Airport_Ordinance_San_Francisco_sf.gov.pdf)

If you need help with making your minimum employer spending requirement calculations, please contact the San Francisco Office of Labor Standards Enforcement at **(415) 554-7892**.

You can create an employee roster by one of two methods:

1. **Upload a roster** with employee information from an Excel spreadsheet saved as a CSV file. This is the preferred method by our Employers.
2. **Create a roster directly in the Employer Portal** by manually entering employee information.

### Method One: Uploading a Roster

Employers can upload an employee roster to the Employer Portal from an Excel spreadsheet saved as a CSV file.

To create a new roster:

1. Select the **'Manage Rosters'** menu option.
2. Click the **"Download Roster Template"** link. Depending on your web browser, you may be prompted with the dialog box to download or save the file.

## Errors and Warnings During Roster Review

The Employer Portal identifies discrepancies in your roster as part of the review process and will prompt you through warning and error messages to correct the discrepancies. When the Employer Portal identifies errors or warnings, a summary will appear in red at the top of the page detailing the number of employees in the roster with errors or warnings.

**Employer Portal**

San Francisco City Option may have updated the roster to show the USPS-recommended city corresponding to the zip code in the roster.

**How to Fix Errors:**

1. Fix any errors by clicking on the "Error" link in the Status column. You will be directed to a page that identifies the error.
2. If you have an "SSN Invalid" error, this means the SSN is not in the correct format of 9 numeric digits without dashes. Be aware that you need to custom format your file before importing so that SSNs starting with "0" (e.g. 012345678) are imported properly. Review Appendix A of the [Employer Portal User Guide](#) for instructions on how to format your file, then make changes and import a new file.

## After You Submit a Roster and Make a Payment

Under the Health Care Security Ordinance or the Healthy Airport Ordinance, after the first time you submit a payment to SF City Option on behalf of an employee, you must send the employee an **Employee Health Care Payment Confirmation Notice**. To download the notice, visit the San Francisco City Option website at <https://sfcityoption.org/employers/about-us/employer-resources/>.

You can give the **New Contribution Flyer** to your employees after you pay your roster. It explains the SF MRA program, how to enroll, and how long until they see the contribution in their account. We recommend that you provide this notice after every payment. To download this flyer, go to [https://sfcityoption.org/files/SFCO\\_NewContributionNotice.pdf](https://sfcityoption.org/files/SFCO_NewContributionNotice.pdf). This flyer is also available in Spanish, Chinese and Tagalog [here](#).

## Next Steps for Employees

Employees are not automatically enrolled in a health care program after your first contribution to SF City Option on their behalf. SF City Option uses the employee contact information you provided in your rosters to send a welcome letter to each employee. In the welcome letter, the employee is instructed to fill out an [SF MRA Enrollment Form](#). After they are enrolled, your contributions will be deposited into the employee's SF MRA account.

## Program Information

Your employees receiving contributions will be able to enroll in for the SF MRA:

### **SF MRA**

Employees enrolled in SF MRA can use the funds in their Medical Reimbursement Accounts to get repaid for eligible health care expenses, including out-of-pocket costs related to medical, dental, and vision care products and services.

More information about SF MRA is available online at: <https://sfcityoption.org/sfmra/>

## Managing Your Employer Portal Account

*This chapter describes how to manage the users and information related to your account.*

The Employer Portal allows for a single employer account to have multiple users with separate login information. A user is either a Primary User or a Secondary User.

A Primary User is authorized to:

- (1) Edit all users' profiles;
- (2) Add other users;
- (3) Activate or deactivate user accounts;
- (4) Edit the company's information;
- (5) Create, edit, and submit employee rosters;
- (6) Edit employee information; and
- (7) Make online payments.

There is only ONE Primary User for each employer account. By default, the person who created the new employer account is the Primary User, but the Primary User may designate another user for this role.

A Secondary User is authorized to:

- (1) Edit his/her own user profile;
- (2) Submit and edit employee rosters;
- (3) Edit employee information; and
- (4) Make online payments.

Secondary users only see their own user profile in the Employer Portal. Secondary users cannot "promote" themselves into the role of Primary User.

If you are unable to access the employer account because the administrator is no longer with the company or if you need assistance managing user accounts, please contact SF City Option at **1(415) 615-4492** or **[employerservices@sfcityoption.org](mailto:employerservices@sfcityoption.org)**.

The Employee Enrollment Report can help you identify current and former employees that still need to complete the SF MRA Enrollment Form. Employer contributions are not deposited into the SF MRA until the employee submits an SF MRA Enrollment Form. If an employee does not complete enrollment, their funds are at risk of being turned over to the City of San Francisco. To learn more about this new policy visit our website at [www.sfcityoption.org/contributions](http://www.sfcityoption.org/contributions).

## Headers:

**Most recent roster payment date:** Payment Clearance Date of the most recent contribution that you made on behalf of the employee.

**Needs to Enroll:** “Yes” means this employee needs to submit an Enrollment Form because they have funds waiting for enrollment from either you or another employer. “No” means this employee has already enrolled or does not have funds waiting for enrollment.

**Money Available to Deposit into SF MRA:** These funds will be deposited into the employee’s SF MRA once the employee enrolls.

**Money Available from other employer(s):** “Yes” means this employee has funds waiting for enrollment from another employer. “No” means this employee does not have funds waiting for enrollment. ## Important notes

- Do not include employees receiving a contribution of \$0.00.
- Do not include employees who you do not want to receive **SF MRA** through SF City Option.
- Middle Initial (MI), Address2, Alternate Phone, and Email** are optional fields for each employee row, but all four columns must be present in the file in order for the roster to import properly. Leave the cell blank if the information is not applicable for the particular employee, but make sure the columns are present in the spreadsheet.

- If your file has missing columns, extra columns, missing rows, or extra rows, it will not import properly. For example:
  - Off-to-the-side calculations will cause an error.
  - Extra rows such as a title row “Company X Roster Quarter 3 2013” will cause an error.
- Each field may not exceed its maximum field length. Make sure you do not have blank spaces preceding or trailing any field value if not necessary.
  - For example, an SSN that is entered as “123456789 ” will cause an error because of the extra spaces after the last digit.
- Do not include commas in any of the CSV file cells.

## How to Save your CVS file

Once you have listed all of your employees, save your file as a CSV file.

1. From the ‘File’ menu option, select **‘Save As’** and select **‘Other Formats.’**
2. Select a location on your local drive or network to save your file.
3. In the ‘File Name’ field, type a name for the file.
4. From the ‘Save as type’ drop-down menu, scroll down to select “CSV (Comma delimited) (\*.csv)” and click on the **‘Save’** button.

➔ **Note:** We recommend not opening your saved file. If you open the CSV file, it may not look like the original Excel spreadsheet you created. Do not be alarmed. If you followed these instructions, the file will import properly.

Your file is now ready to import to the Employer Portal website. Please return to [Method One: Uploading a Roster.](#)
