

# You Have Health Care Funds Deposited by Your Employer

These funds can be used for health and wellness reimbursements, but you must finish setting up your San Francisco Medical Reimbursement Account.

## What's New?

Starting March 1, 2023, the City and County of San Francisco will have a policy to close accounts that haven't been used for three years.

## What Does This Mean?

If you don't enroll by April 2026, your account will be closed. Enroll now to access your funds.

## Take Action Now!

To finish setting up your account, learn more about your benefit, and access your money, visit [sfcityoption.org/sfmrafunfunds](https://sfcityoption.org/sfmrafunfunds).
