

## What is SF City Option?

SF City Option is a program that employers can use to give a health benefit to their employees who work in San Francisco. Your company may give you a health benefit through SF City Option alone or alongside other health benefits like health insurance.

## How does SF City Option work?

SF City Option resources are available in English, Spanish, Chinese and Tagalog. SF City Option Customer Service is multilingual and can help employees in any language through translation services.

## How do I Enroll?

- After your employer's first contribution into SF City Option<sup>1</sup>, you will receive a Welcome Letter in the mail.
- You will be asked to give information to SF City Option about whether you have health insurance, your annual income, and whether you live in San Francisco.
- Based on your information, SF City Option will determine the benefit for you.
- Even if you leave the job, you may still be able to use the SF City Option benefit<sup>2</sup>.
